required to submit detailed project reports and sign a Memorandum of Agreement with Central Government committing to implement specified urban reforms. Under Integrated Housing & Slum Development Programme, three projects amounting to Rs. 9.47 crore were sanctioned while no funds have been released as Memorandum of Agreement (MoA) on Urban Reforms is yet to be signed by the State Government/Urban Local Body. No project proposals under Integrated Housing & Slum Development Programme have so far been submitted by the State Government of Orissa.

Small towns under AUWSP in Assam

*410. SHRI URKHAO GWRA BRAHMA: Will the Minister of URBAN DEVELOPMENT be pleased to state:

(a) the actual number of small towns having safe drinking water supply under Accelerated Urban Water Supply Programme (AUWSP) so far;

(b) the number of such cities in Assam that have already been covered and the ones that are yet to be covered under the same programme;

(c) whether all the district headquarter towns would be provided with safe drinking water supply facility in the country; and

(d) if so, by when is it likely to be completed?

THE MINISTER OF URBAN DEVELOPMENT (SHRI S. JAIPAL REDDY): (a) As on 18.8.2006, water supply schemes for 1244 towns have been sanctioned under Accelerated Urban Water Supply Programme (AUWSP) since inception from 1993-94 and 639 schemes have been completed/commissioned. State-wise details of schemes approved and completed and Central share released are given at Statement-I. (*See* below)

(b) Out of the 59 eligible towns in Assam, 21 schemes covering 21 towns have so far been approved leaving balance of 38 towns to be covered. Details of 21 towns covered under the scheme are given at Statements-II. (*See* below).

(c) and (d) Guidelines of the Programme lay down that the selection of towns/schemes shall be done only through the State level selection committee constituted for this purpose with priorities for towns with special problems like low per capita supply, distant or deep water source, drought prone areas, excess salinity, fluoride & iron content in the water sources and high incidence of water borne diseases. However, the scheme of AUWSP has been subsmed in the new scheme of Urban Infrastructure Development Scheme for Small & Medium Towns (UIDSSMT) for infrastructure development projects including water supply projects. The State Governments may formulate proposals and prioritise district headquarter towns for coverage under the new scheme for consideration by State Level Sanctioning Committee envisaged under the scheme.

Statement-I

Accelerated urban water supply programme (AUWSP)
